

How to Submit an ePetition

Click the Submit a new ePetition link

Register as a new user
or enter your user name and password

Enter the title of your petition,
then click continue

If any matching petitions are identified dealing
with the same issues as your petition these will
be displayed and you can decide whether to
continue or cancel your petition

Enter the details of your petition in the boxes
provided and then click finish

Then logout or press continue
if you wish to return to the original screen

You will be contacted within two working days
by email and asked to confirm how long you
want your ePetition to run for and what type of
petition it is going to be

Once your ePetition has been accepted it will
become a public document on the website
within five working days
