LITTER BIN INFORMATION FACTSHEET

Litter Bins Information
Parish and Town Councils are responsible for identifying the need for and purchasing of litter bins.

Please remember to tell Streetscene when you have installed a new bin to ensure the bin is regularly emptied.

The Council is aware that the provision of litter and dog waste bins can be a major commitment of your available budget.

Shown here is a selection of litter bins that both Ryedale District Council and many town and parish councils have used over recent years. They have been found to be good value for money and the suppliers provide a reliable and quick delivery.

Colours
In order to maintain a consistent image throughout the district, the Council would prefer black litter bins and green dog waste bins.

Ordering Procedure
If required, we can order any litter bin on your behalf and the cost will be confirmed prior to ordering. Please contact Nicki Lishman by email to: nicki.lishman@ryedale.gov.uk or telephone (01653) 600666 ext. 476. Nicki can also provide suggestions for larger bins required in areas of high demand.

If you would like the Council to fit the litter bin on your behalf, the cost will be as follows.

| Post Mounted litter bin (ASB/50) labour, transport, bands, post etc. | Fixed Cost of £40 |
| Ground fixed (Copperfield or Guppy) labour, transport, fixings, slabs, concrete etc. | Fixed Cost of £50 |
